

MAGHREB'S MAJOR PRINTPACK MARKET

9th International Printing and Packaging Trade Show

04 - 06
March 2024

Palais des Expositions d'Alger - SAFEX
www.printpackalger.com

Partner event:

The 9th edition of printpack & plast alger:

Key business platform for showcasing printing and packaging technologies

Algeria is the leading investor in printing and packaging technologies in the Maghreb and one of the leading importers on the African continent (VDMA).

These technology imports enable Algeria to develop and diversify its own production, increase its exports and replace imports of consumables.

It is against this backdrop that the 9th edition of printpack & plast alger in 2024 is playing an important role in raising awareness among the Algerian public of environmentally-friendly materials and packaging, and increasingly familiarising them with green solutions and the circular economy.

Seven official national pavilions: plast & printpack alger on the growth track

The event is to continue its growth story, both in quality and quantity, and international market leaders will be there again in 2024, as well as official country pavilions from Austria, China, Germany, India, Italy, Spain and Türkiye.
